

ADVISOR AGREEMENT FORM

Every graduate student in the MS or Ph.D. program must complete this form before starting work on the MS or Ph.D. thesis. It must be completed before enrollment in Computer Science 599 (thesis research) will be allowed. This agreement remains in effect until either it is canceled, changed, or the student completes the degree. The Academic Office must be informed of any changes to the agreement and a new agreement form will be prepared if necessary. If the advisor is outside the Computer Science Department, the student may have to secure a de jure advisor from the CS tenure track faculty and have the form countersigned by them. Information on de jure advisor requirement is available from the staff in the Academic Office (1210 Siebel Center).
